Grades 9-12

Description of Services

Gifted and Talented services in grades 9-12 are offered through five credit honors and advanced placement courses. These courses provide acceleration, compacted curriculum, and challenge students' abilities.

Entrance Criteria

Students are recommended into these courses by their previous year teacher. Any student not recommended for placement in these levels may request an leveling appeal. Most students will either be granted entrance in the program or agree to rescind their appeal request. The Ocean Township High School promotes a philosophy of access for all students. Any student seeking access to an honors or advanced placement course should begin that request with their guidance counselor.
