Making a Difference at Santa Fe's Railyard Park

By Keri-Lynn McBride

NMSD Middle School's Career Exploration class get weekly hands-on learning at Santa Fe's Railyard Park and Farmers Market. Collaborating is a valuable community building opportunity for students, farmers and other caretakers at the park and market. Each week students work to rejuvenate native grasslands and build healthy soil by tending the compost pile and caring for the gardens: a win-win for all!
